

Looking for a fun way to promote the benefits of STEM to your class both virtually and in person?

The Toshiba/NSTA ExploraVision science challenge promotes project-based learning that aligns with Next Generation Science Standards, and it's FREE to enter!

- **What you have to do:**
Challenge students to select a technology, research how it works, learn why it was invented, and then imagine how that technology could solve a problem 10 or more years into the future
- **What students will learn:**
 - ✓ Real world problem solving
 - ✓ Critical thinking
 - ✓ Collaborative brainstorming
 - ✓ Communication skills
- **Entry Deadline:** January 31, 2023
- **Eligibility:** All K-12 students in the US and Canada that have a teacher to coach them
- **Prizes:** All students receive an entry prize for participating. Each regional winner including their teacher receives a Chrome book, and National winning students receive educational savings bonds of \$5K* to \$10K* each and a trip to Washington, D.C.
*at maturity
